

2012 Fair Changes

Approved by Warren County Senior Fair Board, February 20, 2012

Market Lambs

New Rules

- 1) The use of ice, ice packs, cold packs or cold compresses internally or externally is prohibited unless prescribed to relieve heat stress or a medical condition diagnosed by the fair veterinarian. The fair veterinarian must be present when the treatment is applied.
NOTE: This rule is currently an ODA rule and needs transferred into the Junior Fair Section.

Corrections/additions to Existing Rules

- 1) Drench guns & bottles with nipples are not permitted on the fairgrounds. Lambs being fed liquid diets must be fed from a feed pan or bucket.
- 2) All market lambs must be washed, freshly shorn (less than ¼ inch) and have a uniform, smooth appearance at the time of weigh-in or they will not be weighed. All wool, including top, leg, belly and flank wool must be uniform and less than ¼ inch.

County Bred Market Hog Show Rules

- 1) Open to any Warren County 4-H member who purchased a market hog from a Warren County swine breeder.
- 2) Market hogs must have been registered and tagged by the breeder by May 1st to be eligible. County bred tags MUST be in the ear of the pig at county fair weigh-in to be eligible to exhibit in this show. They cannot be re-tagged at the fair. Contact your breeder to have them re-tagged if your ear tag falls out before the fair.
- 3) The county bred market show will be held before showmanship on Wednesday, July 18th.
- 4) Must be one or both of the exhibitor's market hog projects and they must have been exhibited in the regular market hog show to be eligible for the county bred show.
- 5) All rules for eligibility in the regular market hog show apply to the county bred show (weight, grooming practices, etc.)
- 6) Market hogs will be shown by weight and classes will be divided at the discretion of the show committee. There will be no divisions for this show.
- 7) First and second place hogs will be eligible to show for champion & reserve champion. The champion & reserve champion county bred market hogs will sell third and fourth in the sale. These champions are not required to be harvested and may be scratched from the sale immediately at the conclusion of the show.

Feeder Calf (clarification of existing rule)

Feeder calves must be ear tagged at the county tagging day on June 2, 2012, in order to show at the Warren County Fair. Calves must be castrated, hornless (no horn/scur above the surface of the hide), halter broke and able to be led on tagging day or they will not be tagged and thus are ineligible for the fair. Feeder calves will not be disqualified for horns during the fair, if they were hornless and passed inspection on tagging day.

Change to all County Bred Rules

- 1) To be eligible to show in a county bred class, the animal must be exhibited in the regular show.

Change to Veterinary Papers

Veterinarian papers not required for livestock at the Warren County Fair. Exceptions are poultry pullorum/hatchery papers, dog shot records and horse Coggins test & vaccination receipt.

Change to Fair Livestock Arrival & Veterinary Inspection Times

Livestock exhibits are permitted on the fairgrounds only during their assigned times. Animals that fail to arrive during their assigned times will not be permitted to show or sell and must be removed from the fairgrounds. Since health papers are no longer required for livestock at the Warren County Fair, the fair veterinarian will inspect all livestock in their stall/pen during a specified time period for each species on Sunday, July 15th. Livestock must be uncovered and located in their assigned stall/pen for the duration of the inspection period. Livestock not in their stall/pen for inspection will be disqualified and must be removed from the fairgrounds. The fair veterinarian has the right to remove animals from the fairgrounds due to health/disease issues detected during the inspection.

Species	Livestock may begin arriving...	Livestock must be in place on the fairgrounds by...	Veterinary Inspection Time & Location on Sunday, July 15th
Cattle (Beef & Dairy)	Saturday, July 14 @ 6:00 p.m.	Sunday, July 15 @ 10:00 a.m.	1:00 p.m. – 3:00 p.m. Must be tied in stall.

Market Hogs	Sunday, July 15 @ 4:00 p.m.
Feeder Calves & Market Steers	Monday, July 16 @ 11:00 a.m.

Change to the Saturday Sale

To appease our packer buyers, the large animals (that may be loaded on packer trucks) must be kept together in the sale order to allow them to be trucked at approximately the same time. There will be two large groups that always stay together and within those large groups, there may be smaller sub-groups that also rotate. The following will be the sale groups:

Sale Group I: Small Animals

Sub-Group: Market Rabbits, Market Chickens & Market Turkeys

Sale Group II: Large Animals

Sub-Group A: Beef Feeders & Market Steers

Sub-Group B: Market Goats & Market Lambs

The following would be a full cycle of sale orders with each species selling first and last at least once every eight years.
